

It's time to... *Dance*

We are so excited to start our new dance season. Classes begin on Tuesday, September 8, 2020.

To keep everyone safe, we have implemented several new protocols.

Please read below:

- Please arrive no more than five minutes early and wait in the main lobby before class begins. To avoid a large crowd, only one parent may wait with students age six and under.
- Teachers will pick-up dancers from the lobby and take them into the studio.
- We will sanitize all dancers' hands and take temperatures as they enter the studio.
- We will have X's on the studio floor for dancers to stand on to ensure they are six feet away from other dancers.
- Dancers will be permitted to bring their own water bottle.
- Classes will end five minutes early. Teachers will sanitize between each class.
- We will not be using props.
- Our teachers will be wearing masks in the lobby and during class when they cannot maintain a distance of six feet from the dancers.
